

Offshore Employer's Addresses

Contact Addresses

Below is an address list of drilling companies, catering companies, drilling related employment agencies, oil companies & other international offshore & onshore employment agencies. This list is not as up to date as it might be and you might find a few CVs returned due to incorrect addresses.

Drilling companies are merging with other drilling companies all the time, as are oil companies and it's quite difficult to keep track. Having said that, I'm quite sure most of the drilling companies and related employment agencies are quite up to date. If they are not, they will be easy to find in the Aberdeen / Great Yarmouth Yellow Pages.

Oil companies tend to employ more and more through contractors and it's usually **only highly qualified university graduates that get a foot in the door of an oil company these days.**

This list was found in the beginning of year 2008 in oilcareers.com forum. In July 2008 when I checked that part of the forum wasn't available anymore.

When I found the list I copied it for my own purposes. When it wasn't found anymore I changed it to PDF and published it on www.donpedroshipping.co.uk/offshore_jobs.html just to keep it available for all jobseekers. I did not take the name of the person who originally made the list and I don't remember it either.
